D • F Rivets are now available in the most requested color. . . . INVISIBLE

The above photo illustrates our actual stock of JUST the size 43 all stainless rivet. We stock the 43 ALL S/S rivet in plain and these 66 different colors pictured above, in convenient bags of 250 pieces – all for the same day shipping.

With stock levels on rivets of over 75 MILLION pieces, of which over 55 MILLION are prepainted, we can handle your rivet needs. Our rivets are almost exclusively stocked in bags of 250 pieces – for your ease of ordering and your efficient disbursing to your crews.

D•F prepainted rivets never have any paint on the mandrels to gum-up the jaws of your rivet tool. Also, there is never a “paint set-up charge” when purchasing prepainted rivets. Our goal is to typically have in stock the rivet that you need, already painted, to precisely match your panel supplier’s standard colors. However, please be aware that when matching paint colors for relatively small lot sizes, there will always be a certain degree of inconsistencies – thus, there must always be a few color-shades of tolerance.
Rivet Color Selector Guide:

A1: POLAR WHITE
A2: GRANITE
A3: DESERT SAND
A4: PATINA GREEN
A5: FOREST GREEN
A6: CARDINAL RED
A7: BURGUNDY

**F10**: MILITARY BLUE
**F11**: BERKSHIRE BLUE
12V Rivet Tool Kit No. 2550-22

Only on the 2550-22, you will receive a FREE 12V 2.0 A-H battery (48-11-2423) - a $44 value.

With 2,000 lbs. of pulling force, this rivet tool can pull up to \( \frac{3}{16} \)” stainless rivets. Once the mandrel is inserted into the tool, the tool will "hold" the rivet in any position - hands free. “Spent mandrel collector” on rear of tool.

Standard equipment: Two 12V 1.5 A-H batteries (48-11-2401), charger (48-59-2401), 4 nose pieces: \( \frac{5}{32}”, \frac{1}{8}”, \frac{3}{16}”, \frac{1}{4}” & carrying case.

Specifications: 2,000 lbs. of pulling force, 0.6” stroke length. On a single charge with a 1.5 A-H battery, this tool pulls 450 \( \frac{1}{8}” \) steel rivets or 250 \( \frac{3}{16}” \) stainless rivets. 4.2 lbs. tool wt., 8 lbs. shipping wt.

REGULAR PRICE $585
SPECIAL PRICE $329
2550-20 (bare tool) $182

12V 3.0 A-H Battery (2402) $62
Jaw Kit (0035) $14.95
4 Silicone Nose Pieces (0100) $34.30
Mandrel Tube (2560) $1.99

**Tired of wasting your time and effort pulling rivets by hand? This 14.4-volt battery powered rivet tool will pull your rivets with just a squeeze of the trigger. The Accubird can pull \( \frac{5}{32}” \) to \( \frac{3}{16}” \) standard rivets and it can pull the Butler Bulb-Tite \( \frac{9}{32}” \) rivet with optional adapters. Safety too – the spent mandrels get collected in the twist-off cap at back of tool, no longer falling aimlessly to whatever/whomever may be below...79” stroke length. 1,900 lbs. max pulling force. Pulls 1,100 all steel \( \frac{1}{8}” \) dia. rivets on a single charge. 4.8 lbs. tool wt.

This Accubird rivet tool kit includes: tool, 14.4V battery, charger, wrench and nose pieces.**

**Accubird 14.4V Li-Ion Rivet Tool Kit........................ $981**

The Powerbird is similar to the Accubird except it has nearly twice the pulling force and a high AMP battery. When the RVA173 adapter (listed separately below) is added it will pull approximately 100 \( \frac{9}{32}” \) bulbite rivets on a charge. Also requires \( \frac{1}{4}” \) pulling head (see pg 91 of our Hand Guide).

**Powerbird 14.4V Li-Ion Rivet Tool Kit.............. $1,140**

This high quality hand rivet tool will pull rivets up to \( \frac{9}{32}” \) diameter in all materials.
