D•F® DRILLERS FOR FASTENING ALUMINUM TO ALUMINUM

D•F's full line of all 300 series stainless selfdrillers for attaching aluminum to aluminum. This screw, made from modified 304 stainless, is your lowest cost, highest value when attaching alum to alum. Due to this screw's low core hardness (typically 29-31 HRC - Hardness Rockwell C), using these screws will prevent hydrogen assisted cracking and hydrogen embrittlement. (ss.ss)

ALUMA-GRIP REPAIRING TAPE

Aluma-Grip is a heavy duty, pressure sensitive, all weather tape that has an aluminum foil backing (2 mil) with a modified butyl rubber adhesive (33 mil). It provides an instant water resistant bond on most surfaces.

Use it for: penetrations, hips, ridges, valleys, roof drains and much more.

SIKAFLEX® 201

SEALANTS

Our most popular urethane sealant is the Sikaflex 201 (smooth finish). They are a 1-part polyurethane sealant which is excellent for exterior waterproofing. It also provides superior adhesion to a wide range of substrates including concrete, brick, masonry, metals and alloys, glass, wood, FRP and prepainted metals. Available in 5 colors.

Also on special is our SilkaLastomer #511. A non-skinning (stays gooey) butyl sealant often used in standing seam metal roofs. It is off-white in color.

Part #	Description	Size	Qty/CS	Full CS* Price/EA.

DC-U

D•F® DYNA-CLAMPS® and SNO-DAMS®

DYNA-CLAMPS® are a non-ferrous non-piercing clamp for attachments to standing seam metal roofs. DYNA-CLAMPS are pre-packaged with stainless steel round-point setscrews that won't pierce the panel and stainless steel bolts.

SNO-DAM 3

SNO-DAMS® inhibit the ability of snow and ice to slide under the installed DYNA-GUARD. They slide on the back of the DYNA-GUARD from either end. SNO-DAMS are necessary to have installed between every seam. Both SNO-DAMS are 3" wide.

HAVE YOU EVER SEEN A METAL ROOF THAT LEAKED?

D-F® DROP-STOP® WILL STOP METAL ROOF LEAKS.

Drop-Stop® can be used to stop leaks at: ridge caps, roof curbs, roof laps, screw heads and sky lights.

Drop-Stop is typically white in color. Clear Drop-Stop for repair of sky lights is stocked in one gal pails, but clear has only moderate resistance to U.V. rays. White Drop-Stop is protected from U.V. rays and can single handedly tackle most metal roof repairs.

CHANGE SERVICE REQUESTED

Our continually growing stock level on rivets is over 145 MILLION pieces, of which over 100 MILLION are prepainted. Our rivets are almost exclusively stocked in bags of 250 pieces – for your ease of ordering and your efficient disbursing to your crews.

D•F® prepainted rivets never have any paint on the mandrels to gum-up the jaws of your rivet tool. Also, there is not ever a “paint set-up charge” when purchasing our prepainted rivets. Our goal is to typically have in stock the rivet that you need, already painted, to precisely match your panel supplier’s standard colors.

D•F Rivets are now available in the most requested color. . . . INVISIBLE

The above photo illustrates 66 of some of our actual stock of JUST the size NN43 all stainless rivet. We stock the NN43 ALL S/S rivet in 114 different colors. Also, the NN46 all S/S rivet is stocked in 108 different colors. Packed in convenient bags of 250 pieces – all for the same day shipping.

MUST BUY IN MULTIPLES OF 250	# OF PREPAINTED STOCKED COLORS	PLAIN	PREPAINTED
NN43 ALL STAINLESS D•F RIVET	114	\$46.60/m	\$57.10/m
NN46 ALL STAINLESS D•F RIVET	108	53.30/m	65.10/m

D•F® DRILLERS FOR FASTENING ALUMINUM TO ALUMINUM

D•F's full line of all 300 series stainless selfdrillers for attaching aluminum to aluminum. This screw, made from modified 304 stainless, is your lowest cost, highest value when attaching alum to alum. Due to this screw's low core hardness (typically 29-31 HRC - Hardness Rockwell C), using these screws will prevent hydrogen assisted cracking and hydrogen embrittlement. (ss.ss)

ALUMA-GRIP REPAIRING TAPE

Aluma-Grip is a heavy duty, pressure sensitive, all weather tape that has an aluminum foil backing (2 mil) with a modified butyl rubber adhesive (33 mil). It provides an instant water resistant bond on most surfaces.

Use it for: penetrations, hips, ridges, valleys, roof drains and much more.

SIKAFLEX® 201

SEALANTS

Our most popular urethane sealant is the Sikaflex 201 (smooth finish). They are a 1-part polyurethane sealant which is excellent for exterior waterproofing. It also provides superior adhesion to a wide range of substrates including concrete, brick, masonry, metals and alloys, glass, wood, FRP and prepainted metals. Available in 5 colors.

Also on special is our SilkaLastomer #511. A non-skinning (stays gooey) butyl sealant often used in standing seam metal roofs. It is off-white in color.

Part #	Description	Size	Qty/CS	Full CS* Price/EA.
201	Smooth Polyurethane	10 oz.	24	\$5.85
221	Polyurethane; Non-Sag & Fast Tack-Free Butyl	10 oz.	24	7.95
511		10 oz.	36	4.20

*MUST BUY ANY SINGLE COLOR IN FULL CASE QTY OR 20% UPCHARGE.

WEATHERMASTER® METAL ROOF SEALANT

Titebond's Metal Roof Sealant provides exceptional adhesion to Kynar™, aluminum, metal, plastics and glass.

We stock 75 of Titebond's 105 colors to match many popular metal building colors. It extrudes as cold as 0°F. VOC compliant. Plastic cartridge 10 oz. tubes.

DC-U

D•F® DYNA-CLAMPS® and SNO-DAMS®

DYNA-CLAMPS® are a non-ferrous non-piercing clamp for attachments to standing seam metal roofs. DYNA-CLAMPS are pre-packaged with stainless steel round-point setscrews that won't pierce the panel and stainless steel bolts.

SNO-DAM 3

SNO-DAMS® inhibit the ability of snow and ice to slide under the installed DYNA-GUARD. They slide on the back of the DYNA-GUARD from either end. SNO-DAMS are necessary to have installed between every seam. Both SNO-DAMS are 3" wide.

HAVE YOU EVER SEEN A METAL ROOF THAT LEAKED?

D-F® DROP-STOP® WILL STOP METAL ROOF LEAKS.

Drop-Stop® can be used to stop leaks at: ridge caps, roof curbs, roof laps, screw heads and sky lights.

Drop-Stop is typically white in color. Clear Drop-Stop for repair of sky lights is stocked in one gal pails, but clear has only moderate resistance to U.V. rays. White Drop-Stop is protected from U.V. rays and can single handedly tackle most metal roof repairs.

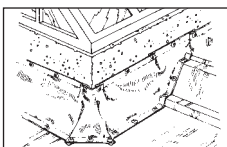

Drop-Stop® Size	Color	Price

CHANGE SERVICE REQUESTED

Our continually growing stock level on rivets is over 145 MILLION pieces, of which over 100 MILLION are prepainted. Our rivets are almost exclusively stocked in bags of 250 pieces – for your ease of ordering and your efficient disbursing to your crews.

D•F® prepainted rivets never have any paint on the mandrels to gum-up the jaws of your rivet tool. Also, there is not ever a “paint set-up charge” when purchasing our prepainted rivets. Our goal is to typically have in stock the rivet that you need, already painted, to precisely match your panel supplier’s standard colors.

D•F Rivets are now available in the most requested color. . . . INVISIBLE

The above photo illustrates 66 of some of our actual stock of JUST the size NN43 all stainless rivet. We stock the NN43 ALL S/S rivet in 114 different colors. Also, the NN46 all S/S rivet is stocked in 108 different colors. Packed in convenient bags of 250 pieces – all for the same day shipping.

MUST BUY IN MULTIPLES OF 250	# OF PREPAINTED STOCKED COLORS	PLAIN	PREPAINTED
NN43 ALL STAINLESS D•F RIVET	114	\$46.60/m	\$57.10/m
NN46 ALL STAINLESS D•F RIVET	108	\$53.30/m	\$65.10/m
